YOUR RECYCLING CAN AFFECT OTHERS

If you don't have clean or the correct recycling in the bins at home or in school, then it can ruin all other recycling in the lorries.

Meaning that it's all a lower quality and will have to be wasted through landfill or incineration.

Your recycling affects others!

JOURNEY OF RECYCLING

DO YOU REMEMBER?

- 1.** Name one item that can be recycled
- 2.** Why do we recycle?
- 3.** What do you do if you don't know how to recycle something?

DO YOU REMEMBER? **THE ANSWERS**

1. Name one item that can be recycled

Paper, cardboard, tins, plastic bottles, plastic bottles, yoghurt pots

2. Why do we recycle?

We recycle to stop waste going to landfill or being burned. By recycling our materials, we create a healthier planet for ourselves and future generations.

3. What do you do if you don't know how to recycle something?

Check the labels, ask your teacher/family and check the Recycling Sorter

DON'T LET IT GO TO WASTE!

Your effort in recycling plays a huge part in how we recycle in Scotland.

So, if you wash out those plastic tubs, sort your recycling into the correct bin and separate out the different bits to recycle then you're giving recycling your best effort.
